

LEVY FOR LEARNING. BOND FOR BUILDINGS.

SCHOOLS FROM 1966 WEREN'T BUILT WITH THE WIRING TO MEET TODAY'S TECH DEMANDS.

Why Doesn't the District Use Funds From Its Capital Budget to Address Needs?

Lewiston-Altura School District has significant facility needs, including equipment that is past its useful life and needs replacement. The district receives Long-term Facilities Maintenance Revenue (LTFMR) from the state, however, there are far more needs than LTFMR funds available. The district receives less than \$250,000 of LTFMR annually and over half of this budget is committed to current bonded facility projects.
